

## Check list for ultrasound of abdomen (liver, gall bladder, biliary tree, pancreas, spleen and kidney)

ORGAN	VIEW	BORDERS	TARGET	ACTION	Analysis	Quality of acquisition
Liver left lobe	Sagittal view	Heart-diaphragm- liver edge	IVC, caudate lobe, portal vein, hepatic vein, aorta, stomach, ligmentum teres & venosum	Sliding Tilting		
	Transverse view		IVC, caudate lobe, portal vein (umbilicus), IHD, hepatic vein, aorta, stomach, pancreas, splenic vein, SMA, SMV, CBD, hepatic a., ligmentum teres & venosum	Tilting Sliding		
Liver right lobe	Sagittal view	diaphragm-liver	Gall bladder(long axis), portal vein, hepatic vein, right kidney	Rocking Sliding		
	Subcostal oblique view		IVC, hepatic vein, portal vein, IHD, gall bladder(short axis), portal triad, pancreas	Tilting (Fanning)		
	Intercostal view		Diaphragm, portal vein, CHD, CBD, gall bladder, kidney, IVC, hepatic vein	Tilting (Fanning)		
Pancreas	Transverse view	Duodenum- stomach-SMA- spleen vein	Spine, aorta, SMA, IVC, spleen vein & artery, portal vein, stomach, antrum, pancreatic duct, CBD, Pancreas (uncinate process, head, neck, body, tail)	Sliding Tilting Rotation		
	Sagittal view	Duodenum- stomach- spleen	Spine, aorta, SMA, SMV, IVC, portal vein, CBD, spleen vein & artery, common hepatic artery, stomach, antrum, duodenum, Pancreas (uncinate process, head, neck, body, tail)	Sliding Tilting		
Spleen	Long axis		Hilum, spleen, spleen index	Tilting		
Kidney	Long axis, short axis		Kidney (pelvis, medullary fat, pyramid, cortex), renal vein
